

# Join the tech community to #HACKHUNGER

**1 in 4 people** in San Francisco and Marin often don't know where their next meal is coming from.

**As many as 225,000 of these neighbors** turn to the SF-Marine Food Bank for help each year.

Now we need your help to keep going.

**Join us, November 6–17, 2017, for #HackHunger.** Organized by the tech community, #Hack Hunger is a friendly, fundraising competition that aims to raise enough funds to provide **200,000 meals**.

Let's Do Good. Let's Hack Hunger Together.

Here's your guide to inspire generosity and propel your team to the top of the #HackHunger leaderboard.

- 1. Set a goal.** Every \$1 raised = \$5 worth of food
- 2. Be a match maker.** Invite company leadership to sponsor a dollar-for-dollar match to kick off the campaign
- 3. Start Strong.** Host a kick off party for your staff. We would love to join to help rally the troops.
- 4. Stay Connected.** Subscribe to our #HackHunger News at [hackhungertogether.org](http://hackhungertogether.org) for emails and social media posts that you can easily share with your team.
- 5. Finish Strong.** Ask Food Bank staff to come by again! We'd love the opportunity to talk to your team about how impactful #HackHunger is!

Looking for fundraising ideas? **Ask us!**
